## EDGE PROGRAMS - SUMMER 2024

The Boston Leadership Institute is now accepting sign-ups for Summer 2024 One-Week Edge Programs.

Edge programs are designed to give students an “edge” on tough STEM subjects they’ll see in the fall. You can register right now, and they are offered for rising 8th grade students and above.

### *Edge programs provide:*

- A first-hand look into the most challenging topics covered in required STEM courses
- A teacher that knows which topics give students the most trouble and instructions on how to master them
- Students with a greater chance of success before it is too late to get their grade up
- An opportunity for students to demonstrate initiative, drive, and mastery of upper level STEM subject matter

### *Programs include:*

#### **Physics Edge**

August 5th - 9th, 2024  
Olin/Wellesley, MA

#### **Biology Edge**

July 29th - August 2nd, 2024
